

Tutorial para acessar o percentil no Citescore Scopus

1º Passo - Acessar link

[Scopus preview - Scopus - Sources](https://www.scopus.com/sources)

2º Passo – Realizar a busca pelo título do periódico ou ISSN

The screenshot shows the Scopus Preview Sources page. The search bar is empty. The left sidebar contains filter options: 'Display only Open Access journals' (unchecked), 'Counts for 4-year timeframe' (radio buttons for 'No minimum selected', 'Minimum citations', 'Minimum documents'), and 'Citescore highest quartile' (checkboxes for 'Show only titles in top 10 percent', '1st quartile', '2nd quartile', '3rd quartile'). The main area displays '49,125 results' for the year 2024. A table lists the top journals with columns for Source title, CiteScore, Highest percentile, Citations 2021-24, Documents 2021-24, and % Cited 24.
